**Practice Like The Pros With Sharpshooter™ IPSC Targets
From Birchwood Casey®**

Birchwood Casey's new IPSC Practice Targets are based on a standard IPSC (International Practical Shooting Confederation) competition silhouette-style target. They work great for individuals or clubs who want a realistic practice target.

Sharpshooter™ IPSC Targets measure 18.1"x 29.9". They are brown on one side and white on the other for a classic "shoot no-shoot" training scenario. Scoring zones are marked and outlined with light perforated lines. This durable corrugated plastic all-weather target will absorb hundreds of shots for extended range use.

Sharpshooter IPSC Practice Targets are available individually in multiples of 6 for \$6.70 each or in multiples of 200 for ranges and clubs at \$5.00 each.

Log onto the Birchwood Casey website at www.birchwoodcasey.com, write to 7900 Fuller Road, Eden Prairie, MN 55344-2195 or call 800.328.6156 x7933 for more information.
