**Birchwood Casey Stick-A-Bull™ Adhesive Targets
Offer Great Value And Performance**

Birchwood Casey's new Stick-A-Bull™ targets are self adhesive and will easily adhere to most any surface. Shooters no longer need to worry about forgetting their stapler or running out of staples at the range.

Stick-A-Bull targets are non-reactive, making them a great low cost alternative to more expensive targets. 12" bull's eye and sight-in versions are both available. Both versions come with repair pasters to extend target life for even more added value.

Stick-A-Bull targets come in packs of 5. The bull's eye targets come with 60 pasters and sell for a suggested retail price of \$5.30. The sight-in version comes with 55 pasters and sells for \$5.30 as well.

Log onto the Birchwood Casey website at www.birchwoodcasey.com, write to 7900 Fuller Road, Eden Prairie, MN 55344-2195 or call 800.328.6156 x7933 for more information.
